

Rev. Fr Joshy Mayamparampil CMI (Principal)

Principal's Message We are all under a threat, in a war against a plague. As humans we have survived through a lot of catastrophic situations and we will undoubtedly triumph over this extremity. Here at Christ Nagar, we have created a whole new arena for education; new means of teaching; new and innovative platforms to make education equally and more effectively possible to all our beloved students. We enable our students to develop one of the most important essentials of life, a well defined character. Education is not about gaining knowledge, rather it is about how you apply the knowledge gained through various sources. That is what creates and propagates your identity throughout the world. Remember, there are no shortcuts to any place worth going. I convey my heartfelt benediction to all my beloved children and pray that the almighty lead you to light from the mortal darkness that surrounds.
